

PRESS RELEASE

Century Industries, Inc. Now Offers All New “How to” Videos

Little Rock, AR- December 29, 2011-Easily accessible and designed with the consumer in mind Century Industries, Inc. has now produced all new “how to videos” for public viewing to assist with choosing and installing an attic stairway. The videos are brief and some of which include experienced professionals that show how to measure and install an attic stairway properly.

As mentioned above one of the new videos includes “How to Install an Attic Stairway” which entails from start to finish the necessary things done before and after installing an attic stair. Also included are the following videos:

- “How to Measure the Landing Space”
- “How to Measure the Projection Space”
- “How to Measure the Ceiling Height”
- “How to Measure the Rough Opening”
- “How to Install the Adjustable Pull Down Pole Kit”

These videos are easily accessible through the following sites:

- YouTube channel at www.youtube.com/user/centuryatticstair
- Facebook page at www.facebook.com/CenturyIndustriesInc
- Wordpress Blog Site at www.centuryindustriesinc.wordpress.com
- Century website at www.century-inc.com

Century Industries will continue to be consumer conscience and looks forward to the future in finding innovative ways to meet needs in the most accessible and efficient way possible. For more information please contact James Browning, Sales Manager, at 501-916-8085 or email at james.browning@century-inc.com.
