

## Century Industries, Inc. Announces Industry-first Innovative Enhanced Folding Attic Stairway

Little Rock, Arkansas - With the same quality and commitment you've come to know and trust, Century Industries has taken durability and performance beyond the next level, rolling out its highly anticipated **22 ½ -inch and 30-inch wide, 12-foot Supreme Aluminum Attic Stairways, an industry-first**. Get the quality and performance you want and need with these heavy-duty pull-down stairways - all backed by the Century name. The sturdy, fully-assembled, easy-to-install Supreme Aluminum Stairway is engineered with Century's tri-fold design, extra sturdy bracing under each stair while doubling the rivets with increased density on the side hinges, all, to meet Independent Certification of ANSI A14.9 requirements for a 350 lb load rating. In addition these attic stairways will come standard with Century's new adjustable "**Pull-Down Pole**" with door and step hooks. Century is now accepting pre-orders of these industry only products. Love your home with Century, discovering the space you always wanted but never knew existed.

### Taking your home storage options to the Supreme:

- \* New - 30" x 64" x 12' size
- \* New - 22 1/2" x 64" x 12' size
- \* Rust-resistant
- \* 350-lb load rating - independently certified
- \* Best-grade extruded "all" aluminum construction
- \* Increased density, heavy-duty side hinges
- \* Double-riveted reinforced bracing under each step
- \* Fully assembled and ready to install
- \* Comes standard with the new Century adjustable Pull-Down Pole with door and step hooks – pole adjusts from 42" – 72" in length (optional retro kit for all Century aluminum stairs)
- \* Independent Certification of ANSI A14.9 requirements for 350 lb load rating

For safety, durability, stability, convenience and reliability, there's only one name - Century, Industries.

### Other Product Enhancements

#### \*Energy Efficiency Bundle

##### Make your home more comfortable and Save Money

- Optional Factory-Installed Bulb Weather Stripping – **an industry-first**
- Four-Sided Weather Stripping – **an industry-first**
- Optional User-Installed Weather Stripping
- These features can be added to any of our existing options, such as Thermo Shield and Fireguard

These expanded weather stripping options seal the attic doors to the frames while preventing air drafts from entering living quarters and the space below the attic. Century Industries is now taking orders for our factory-installed weather stripping options.

#### About Century Industries

Century Industries, Inc. has been manufacturing folding attic stairways for more than 30-years. The company has manufacturing facilities in Arkansas and North Carolina. In addition to the folding attic stairways, Century Industries also manufactures and sells decorative windows available from retailers nationwide.
